In 2021, we...

...added 36 employed, affiliated and telemedicine providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in anesthesiology, emergency care, hospital medicine, general surgery, surgical oncology, orthopedics, pediatrics, radiology, OB/GYN and more.

...made more than \$4.8 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included an expansion of both our radiation oncology services and robotic-assisted surgical technology.

...distributed a payroll of \$40,970,498 to approximately 500 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$10.1 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$5,460,735 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
